## Union call on AXA UK to **stop** outsourcing to India

Unite have called on AXA UK to stop sending work to AXA Business Services In India due to their poor ethical record.

Unite are dismayed at the Indian company's refusal to address caste discrimination or enter into dialogue with local trade unions.

Unite official Hugh Jones-Glass stated: "This level of ethical behaviour would not be acceptable to AXA from a UK outsource provider, so it should not be from an Indian one."
